

## 8 | KEITH HARING // SKETCHES & FINAL POSTER 4

### STEDELIJK, AMSTERDAM NOTES

For my final poster I decided to dedicate it to the Keith Haring painting "Amsterdam Notes" that is on the wall of the Stedelijk. I have always loved his work so it was important to me that it was features on the poster. I also loved the colors so I used them for the poster. Two big strips of paintings felt a bit boring to me so I played with breaking them up to come up with the final compositon. I also used his writing on the wall for the title.
