

3 | EGG CHAIR // FINAL POSTER & SKETCHES 1

EGG CHAIR

This poster is about Arne Jacobsen's iconic egg chair. My goal for this poster was to give the essence of the chair without flat out including a picture of it. I included an outline of the chair and stuck with two colors to match the simplicity of the design. Both of these colors were taken from colors of his chairs. I also put the informative text (i.e. address) together and the substance text together.
